THE RAYMOND LION

WHERE DID YOUR STAMPEDE GO?

Four years ago the Raymond Stampede was tossed to the Lions Club as the most likely to carry on the tradition. We have been able to carry the expense so far — but that is not far enough. Calgary is the only Stampede in Alberta that consistently shows a profit. Before another Raymond show is staged the corrals and chutes must be torn down (they will fall down) and rebuilt entirely. This will take at least three thousand dollars in cash and about six hundred man-hours of labor. The Lions Club does not have that kind of money.

We have petitioned for a grant or loan — to no avail. A Harness Racing circuit is being organized in Alberta—we have been invited to join this circuit. We thought that if we could use the grounds five or six days a year that we might be able to maintain the set-up. When we asked permission to use the grounds we met a cold reception from the Town Council, because pari-mutuals are included with the circuit. Two councilmen asked that their names be recorded in the minutes as definitely opposing the project.

Now what ??? Does Raymond want a Stampede? Does this activity mean anything to the community? Is it worth the effort as a traditional or historical enterprise to keep up the equipment and carry on the project?

Let's have some reaction on the topic. Does the Stampede need a shot in the arm or between the eyes?

The Raymond Recorder will be glad to make space available each week for letters and comments on this subject.

If You See A Gun -- Run

Young Gregory Strong, a lucky young fellow, is almost back to his normal physical fitness after having a narrow escape from disaster recently when he was the target of a "big" boy's .22. The bullet that lodged in the muscle of his thigh was removed at the doctor's office and after a shot of penicillin his leg healed up and he's a well boy again.

Stories conflict as to how and what happened but one thing is sure—people should be a lot more careful of firearms. By people we mean men, women and children. The parents and older members of a family have a definite responsibility toward their fellow citizens every time a gun is brought into a home. Before it goes out again the user should have instructions on its use and care. Three shootings have taken place in town within a short time and probably there have been many near-shootings. It would be terrible to be at either end of the gun. Make sure that your children are not the ones that do the shooting or are shot. Be careful and teach your children the same. If parents don't soon start accepting their responsibility the police department should.

Mr. and Mrs. Kay Redd returned on Tuesday from Utah where they spent a few days visiting. In Salt Lake they visited Kay's sisters Laura and Villa Redd and Mr. and Mrs. Melvin (Pauline) Burt, and in Burly, Idaho they were guests at the home of Mr. and Mrs. J. S. Simmons.

Mrs. R. A. Nalder who had been visiting in Salt Lake with Mr. and Mrs. Jack Richards the past while returned home with the Redds.

Dr. and Mrs. Doug Allan were weekend visitors in town from Calgary.

What Happened At The Council Meeting

Regular meeting of the Council met at the Town Hall at 8 p.m. Those present were: Deputy Mayor Wilde and Councillors Melchin, Ralph, Galbraith, Kenney and Salmon.

Delegation made up of H. Flexhaug and other property owners on his street met the council requesting that the Town install culverts for entrances from the street to their property or have the Provincial Department of Highways do so or find out whose legal responsibility it is. Moved by Councillor Galbraith that the Town go into the matter with the proper authorities in order to establish responsibility. Carried.

Moved by Councillor Melchin that First Reading be given a by-law setting the minimum tax for Town purposes at \$10.00 and \$10.00 for School purposes for all those on the assessment roll and the same minimum for non taxpayers under the provisions of the Town and Village Act. Carried. Letter of Rol Stone was read in which he made several recommendations, one of which was to require all property owners to clean their sidewalks, curbs and gutters. The Council requested the secretary to acknowledge the letter with thanks.

The necessary three readings were given to a by-law amending by-law number 448 adding 'curb and gutter' after 'sidewalk' where it occurs in said by-law.

Moved by Councillor Salmon that a Notice be published in the paper drawing the attention of the public to the prohibition of parking in front of garages, especially at night, as it would prevent the removal of cars in case of fire. Police will be asked to check this matter. (Issue courtesy notice when necessary) Carried.

Moved by Councillor Salmon that the Medical Health Officer, Dr. Walker be asked to inspect the premises where pigs are kept at A. Hague's and E. Gough's and have the unsanitary condition removed. Carried.

Moved by Councillor Ralph that the Council approve the operation of a butcher shop by Holt Bros. Carried. Application was made by Mr. Audenaert for a building permit on block 51. Deputy Mayor Wilde agreed to discuss the matter with Mr. Audenaert.

Wage Scale for the Town employees was reached.

The Budget was discussed at length and estimates set. Moved by Councillor Kenney that first reading be given a by-law setting the 1952 mill rate at 50 mills, divided as follows: School 35; hospital 4; sewer 3; general 8.

By-laws regarding Civil Defence and Traffic Regulations were read.

Meeting adjourned on motion of Councillor Ralph.

The Ladies Aid met on Thursday at the home of Mrs. Wilson with Mrs. McKean assistant hostess.

They spent a very enjoyable afternoon listening to recordings of Jan Pierce singing The Story of Jesus.

A delicious lunch was served by the hostesses.

Mr. and Mrs. Wayne Holland spent the week-end with the Mike Hollands.

Twenty-five new members to the recently organized Hospital Auxiliary was the result of the Membership Tea held in the Legion Hall on Saturday.

Lunch was served at tables prettily decorated with daffodils, and Mrs. Ball served Tea.

The Executive in charge of arrangements is made up of Mesdames Norma Meldrum, Irene Miller, Dorothy Dahl, Phyl Meeks, Idale Kenney.

BOYS AND GIRLS WEEK

WHEREAS, the future depends, to a great extent, upon our service to youth today; and

WHEREAS, many communities throughout the world which recognize the need for focusing attention on youth's problems and achievements are joining together to observe "Boys and Girls Week" from April 26 to May 3; and

WHEREAS, each day of this week emphasizes a subject of importance to the development of youth of our community — Citizenship Day, April 26; Day in Church, April 27; Day in School, April 28; Family Day, April 29; Careers Day, April 30; Health and Safety Day, May 1; Day of International Understanding, May 2; and Day of Recreation, May 3; and

WHEREAS, the development of an active program for each of these days will give our boys and girls practical experience in "LEARNING TO SERVE";

NOW, THEREFORE, I, Frank R. Taylor, Mayor of the Town of Raymond, do hereby proclaim the week beginning Saturday, April 26, and ending Saturday, May 3, 1952, as "BOYS AND GIRLS WEEK".

In witness whereof, I have hereunto set my hand and caused the Seal of the Town of Raymond to be hereto affixed this 19th day of March, 1952.

Capacity Crowd Enjoys "Godo Engeikai"

At a recent program held in the version of her song; the number by Opera House the citizens of Raymond the Raymond Music Club, directed by and district had the privilege of seeing Ruth Salmon and accompanied by Emma Dahl; the selection sung by Mas Tereket; and the vocal solo by L. B. Tanner of Magrath, accompanied by Vinessa Hamilton.

Two young ladies in evening clothes E. Karaki and N. Otsuka did a dance number to Japanese music and Anne Bennett from Magrath amazed the audience with her feats of tumbling and acrobatics. Mary Court, Donn Petrak and Reed Scoville brought a bit of the Ozarks to the stage with their novelty number.

Most of us at the Opera House that night knew we were going to see some fencing under the Japanese name of Kendo but the idea a good many of us had about it was that it was the Douglas Fairbanks Jr. kind, with long rapier and much dancing and dodging with a great clash of steel, but 'twas not so. The Japanese form of fencing was very different. Tucker Hironaka gave some history and remarks about the art and explained what was happening as Tak Nakahama of Coaldale and Tosh Saruwatari did battle with bamboo swords. They were protected amply in most places but it is the definite opinion of a lot of people that there were also places hit where there was no padding. Ted Koyata of Coaldale was the referee for this exhibition then he teamed up with Helde Karaki to put on a very impressive demonstration of Kendo using real swords—a feat that takes a great deal of concentration and, in the opinion of many, a lot of intestinal fortitude.

Judo, another of the Japanese arts, is widely practiced throughout the world today, and a man who is just about as good as you can get lives here in Raymond. Y. Katsuda, otherwise known as Johnny, is the holder of the Black Belt of Judo and is giving instructions to the younger men and boys here. Mr. Tanaka from Coaldale gave a review of Judo and did a little explaining about the different methods of execution of the holds; while Yoichi and Jitsuo Ouisshi, Takao Takabashi, Harumi Fujita and Minoru Sarawatari gave a demonstration. A

The make-up and costume masters did a fine job on three Japanese ladies to make them look like some of the swains of old Japan who did a dance for their lady friends. Mrs. Moriyama, Mrs. Karaki and Mrs. Ouisshi, who directed the dance, were the solemn-faced performers. More beautiful music came from the vocal solo of Mrs. H. Takabashi, who sang both the Japanese and English

A Letter Regarding The Floor Price

The following is a copy of a letter written to the editor of The Lethbridge Herald regarding a recent editorial in that paper.

Dear Sir:

I have read your editorial entitled "Cattle Outlook" which appeared in Herald on Thursday, April 17th. Would you please permit space in your paper for a few observations regarding same?

As to your first paragraph it is quite understandable that you should try to explain away your passiveness with regards to the financial crisis created amongst feeders by the presently existing debacle. A lot of straight thinking people have wondered where you have been for the last two months. Reams of sensational reporting has fairly frightened everyone to death. A bit of editorial support aimed at jarring Ottawa into a fair plan of action would have been invaluable. Could it be that you found 'Jockeying two horses at the same time a bit difficult'?

The shallowness of your thinking in the second paragraph is equally astounding. No one can control the market. The meat that has been made of cattle marketing is clearly within the control of man. The government's announced plan is a plain admission to the fact. The plan is, of course, wholly inadequate but it does make malarky of your suggestion that our difficulty resulting from foot and mouth disease is an act of God. Surely governments have some responsibility to their people. The western farmer has been subjected to controls in the past—some of which he would have been better off without. But the shoe is on the other foot now. You may call the outbreak an act of God if you wish—but no amount of wishful thinking will relieve Ottawa of its negligence in failing its responsibilities.

In paragraph number three you try to administer the Balm of Gilead by saying that a decline in prices was in evidence before the outbreak of foot and mouth disease. You suppose to enlighten us by quoting States prices to be 4 cents to 6 cents lower than last October. I think it would be fair to say that all feeders—who are at all realistic—knew that a decline had to come sometime. Meat prices were too high. They know that in some years they will have to throw in their wintery work and maybe break even—also some years sustain losses. But they also know—and here is the point—that the price did not have to drop from 33 cents to 22 cents within a period of two or three months. Five—knock off your five cents from the October price and the feeder will still get out with his shirt and may be able to carry on again. A Seattle packer told me the other day that in his opinion our prime steers would have brought 33 cents, so you see that 5 cents decline is plenty steep—but as for a 11 or 12 cent plus decline—that is a horse of a different color.

In your last paragraph you state the 25 cent basis Toronto floor price will be a cushion to prevent feeders from

Mr. and Mrs. Deb Thompson entertained Saturday evening in honor of Mr. and Mrs. Bill Kinsey who plan to move to the States.

A very enjoyable evening was spent together by the Jerry Witbecks, of Coutts, Jimmy Doenz of Warner and Harold Cards, Ken Shaws and the honored guests.

A delicious lunch was served by the hostess after which Kinseys were presented with a gift from the group.

Chips From The Scout Log

First Raymond Troop

Previous Activities

Monday, April 14th, Leslie Stevenson, Jim Walker, Stanley Greep, Richard Still and Roy Jamazaki hiked on bicycles to the Pothole Coulee. Holgar Tychsen, Assistant Scoutmaster, the boys. The hike was planned mainly for the purpose of working on the following tests: Hikes, Fire and Cooking, Tracking, Bicycle, Compass and Signalling.

The Fox Patrol, twice winners of the Competition Trophy, has been working very hard to accomplish the maximum in Scouting. Under the supervision of their leader, Gordon Tychsen, they have passed nearly all the second class work. They will be ready for camping in a very few weeks.

Tuesday night at the regular troop meeting there was a mighty change; the flags were all clean and pressed, thanks to Gertrude Hudson. The boys are showing up in more uniforms now and the troop looks better because of it. Even the leaders are going to get some knee trousers as the regulations require.

Roy Zamazaki has been accepted on probation as a recruit in the troop. In one month he will stand before the Court of Honor and receive the Recruit colors of the troop.

Summer Camp

Camp this summer will be held during a ten day period in July. The campsite will be located at the junction of the North Fork and the Belly River. The Scouters in Jim McMahon's plane photographed the entire area a week ago. The big feature of the camp this year will be the construction of a bridge across the North fork of the Belly River, also the big moving camp project for the Senior Scouts. The Senior's will move in a three mile radius circling the camp site in eight days. They will have to carry all their food and equipment on their backs. It is planned to have a party meet them every two days with more food—if they can find them in that heavily wooded area. The Senior's will move their camp about five hours distance each day. The Scouters have placed very high standards for the boys to attain before they may undertake such a camp.

Future Activities

The Troop will travel to Lethbridge on Sunday April 27 to join a march past and a visit by Lady Baden-Powell the widow of the founder of Scouting.

All Scout Meetings unless announced differently, will be held outside until next fall. The duty patrol will be required to hoist the flag and prepare the council fire each week.

The boys are busy cleaning yards, washing windows, chopping wood, moving lumber and will continue to do these tasks so they will have money to buy uniforms and go to summer camp.

Do A Good Turn Daily

Lois and Linda Dahl have been visiting at the Paul Taylor home in Magrath.

Mr. and Mrs. Dave Wood were down from Edmonton over the week-end visiting at the T. Geo. Wood and Paul Redd homes.

Hazel Fairbanks, who visited her parents, accompanied them.

word of warning—these boys might not be so big but Judo is a great equalizer, so think well before you tackle one of these lads. After the boys were tired out, Johnny took on another of his students, M. Tanaka of Coaldale and showed the different ways a small man can put himself on top of a big one. There were thick mattresses on the floor but again it is the firm conviction of at least one man that it wasn't too pleasurable to be tossed around and down like that. Mr. Tanaka is also the holder of the Black Belt but not in the same degree as Mr. Katsuda.

This with the singing of 'God Save The Queen' ended as fine a night's entertainment as anyone could wish to enjoy.

The organizations that sponsored this event and the men and women who devoted their time and talents to bring this program before the public is deserving of a great deal of credit.

The Infantry Recruit...

Keyman in Canada's Future Security

Growing in size and strength the Canadian Army Active Force needs more Infantry Soldiers.

The Infantry recruit is a keyman in our defence plans. For as he finishes his training he will take his place in the front lines of our freedom at home and overseas.

But it takes time to produce these highly trained soldiers. And to maintain our security, to discourage aggression, we must be able to meet any eventuality. That is why we must have more young men for Infantry training now.

If you are interested in Canada's future, now is the time to do something about it. Serve with the most important men in the Army—the Infantry.

There are outstanding career opportunities for young men in the Canadian Army Active Force.

You are eligible if you are 17 to 40, tradesmen to 45, and ready to serve anywhere.

It has been suggested that this form of entertainment be scheduled as at least an annual event with the inclusion of the other religious and racial denominations in town. This to our way of thinking is one of the best things that could happen. More friends are made and existing friendships are cemented by the close association with fellow citizens. We say "hats off" to the instigator of this plan and may be and others be successful in their future ventures.

A Letter Regarding The Floor Price

(continued from page one)

taking a crippling loss. Brother! Just how much do you consider a crippling loss to be. A little bit of elementary arithmetic will clearly show a cash loss of over \$100 per animal. A man with 100 steers stands to lose in excess of \$10,000. This same man would be involved to the extent of probably \$35,000. Just for the fun of it throw 33% of the capital assets of your business into the Old Man River. How many businesses, Mr. Editor, could do likewise and not be crippled? There are a few trivial items such as Bank Interest, Wear and Tear on Tractors and Trucks, Bucking Blizzards and Snowdrifts, Gas Bills, Death Losses, etc., which have not been mentioned. Of course, some supposedly well informed people think that the egg money pays these accounts so maybe we should forget them.

On the other hand, Sir, had the floor price been set at around 28 cents for the time no one would have been hurt too badly. The cost of living in the meat bracket would have taken a fair decline, the feeder would have taken some loss but his soul would not be in bondage and perhaps he could carry on normally another year. In one breath you say the loss will not be crippling and in the next you admit Lethbridge bank clearings will be cut \$5,000,000 for a four month period and to this you might have

added the effects this thing will have on creation of new wealth for the next year and maybe ten years from now.

A man may be a farmer without owning ten sections of land and spending his winters in the Catalina Islands I happen to be quite intimately acquainted with about 200 farmers. A few are well-to-do but most of them are hard working "Joes" making a fairly decent living. Perhaps he has the debts of the last depression paid off, owns a car and refrigerator—he may even have electric lights and some of them (too many) are very poor people.

Let me assure you that at this writing I have no axe to grind personally. I am however proud to consider myself a friend of the farmer—many of whom are going to suffer unduly. I voice my opinion on their behalf.

A cross sectional study of opinion has proven to me that southern Alberta's business men and farmers alike think of your editorial just as I do. I had always been under the impression that the citizenry of southern Alberta enabled the Herald to carry on business. Let's speak plain then. If you haven't the guts to give Ottawa the roasting it deserves you could save a lot of face by keeping quiet. It's a long road that doesn't have a turn in it.

Yours truly,
Arledge W. Hill
